

# KALLER Academy

## Introducing a new eLearning platform – KALLER Academy

The KALLER Academy provides learning opportunities and multilingual e-learning courses for professionals working in the force and motion field.

### ***KALLER's educators and trainers***

For over 50 years KALLER has been at the forefront on gas springs, gas hydraulic systems for stamping dies and counterbalance products, as well as gas hydraulic suspension systems.

KALLER's educators and trainers have developed and delivered training courses across all major continents of the world and this expertise has now been incorporated into the digital medium of eLearning.

### ***Welcome to the KALLER eLearning Academy***

Initial courses include ***General information about gas springs*** and ***Gas Spring mounts***. Over the coming year, many more KALLER eLearning courses will be introduced.

Simply click on the logo above to see our current range of eLearning courses.  
Or you can copy [kaller.com/en-us/support/academy/](http://kaller.com/en-us/support/academy/) into your browser.

## **Questions?**

Please contact the KALLER Customer Service for further information, [info@kaller.com](mailto:info@kaller.com)

## ***Sign up for our newsletter.***

As a subscriber, you receive our newsletter with the latest and hottest of the world's best force supplier.
